Contents •••••••••• Format [] DIVX was a rental format variation on the player in which a customer would buy a DIVX disc (similar to a DVD) for approximately US\$4.. 50, which was watchable for up to 48 hours from its initial viewing After this period, the disc could be viewed by paying a continuation fee to play it for two more days.. The status of the discs was monitored through an account over a phone line DIVX player owners had to set up an account with DIVX to which additional viewing fees could be charged.
